Dear Ms. Jacobson:

RE: Keeley Lake Lodge (1989) Ltd.
Our File # 3010 0081

A judgement from New Jersey is not of any consequence in Saskatchewan. Indeed, a judgment from Manitoba is not of any consequence in Saskatchewan.

This is particularly the case where there is a judgment from the Saskatchewan Court of Appeal that is in many ways contrary to the judgment from New Jersey.

Please properly correct your records and if you have any doubt about this issue contact Civil Law Branch or whatever law firm SLGA retains. The New Jersey judgment has not been registered in this province and is not enforceable here, and there are strong reasons to believe it will never be registered in Saskatchewan.

Yours truly,

MERCHANT LAW GROUP LLP
